# MONARCH BLOX

## 1/2 HIGH CMU

Nitterhouse's alternative to the look of clay brick is our Monarch Traditional Blox. Monarch Traditional Blox are half-high through the wall units, thus, they are the height of a regular brick but length and depth of a regular block. Our Monarch Blox are integrally colored and the perfect choice for fast-track jobs that want the look of brick. These units meet ASTM-C90 standard for load bearing concrete masonry and can be used in both at and below grade applications.
