*New 100-sq.-ft. pallets contain 3-color mix of these sizes: 12 x 12's, 12 x 24's and 24 x 24's. All sizes feature square edges, straight sides, and consistent thickness. For installation, follow Installation Instructions on page 44; however, DO NOT use a plate compactor when installing slate paving stones. It is recommended that a paver restraint system be used.

To Figure How Many Pavers You'll Need

Go to Nitterhouse Masonry Products' website at www.Nitterhouse.com to use the slate paver design program. Just click to open the 'Products' page—then click 'Pavers'—then scroll down and click the box 'Click Here to Design Your Custom Slate Paver Patio.' Select the Layout Pattern you'd like and enter how much area you want to cover, and select the colors—then click 'Submit.' It's that easy.
