

AB Junior Lite

AB Junior Lite

Even smaller than the AB Lite Stones block, the tiny but mighty, 22-lb. AB Junior Lite can be used to create unique and beautiful landscape accents in garden settings, borders, and tree circles. The hollow core allows drainage and becomes rock solid when filled, and like all other Allan Block products, the patented, interlocking raised front lip creates a built-in setback and eliminates the need for pins, clips or mortar.

Piece	Dimensions	Approximate Coverage	Approximate Unit Weight	Units/Pallet
AB Junior Lite	3-5/8" H 8-3/4" W 12" D	0.22 Sq. Ft.	22 lbs.	128
